

Dear Dallas

I really like your stories! My favorite story is white wolf, black wolf. And I really liked the game school it was really fun! I also liked the way you presented your stories you made the whole class laugh and smile you even made us scared a few times. Every time you had a story I would watch very closely to see how you did the special effects. I think you are a really fun person and you have a lot of good energy. Dallas I have a question is the story How The Raven Stole The Sun a aboriginal story or a blackfoot story? One of my favorite presentations that you did was How The Raven Stole The Sun because you were funny and you make me smile. I hope you have a amazing summer and you try to keep your amazing personality with you.
